ORDER:

The Chief Engineer (R&B) CRN & MD, APRDC, Hyderabad., has stated that Mydukur-Thaticherla Road is an important State Highway connecting Kadapa and Prakasam districts. The total length of the road is 88.773 Kms. The reach from Km.67/200 to 88.773 runs in Prakasam District i.e., covering a length of 23.573 Kms. Out of this only a stretch is 4.50 Kms (i.e., Km.65.200 to Km.69.900 excluding the CC Pavement from Km.67/600 to 67/800) is left over as a single lane pavement while the remaining stretch i.e., from Km. 69/900 to 88.773 is double lane. The vehicular traffic passing on this single lane is facing much inconvenience, as the low berms are not withstanding to the heavy loads transmitted from the heavy loaded vehicles which carry iron ore, cement etc., from Rayalaseema Districts to Viskhapatnam on this road. Hence it is very much essential to widen the balance stretch from Km.65/200 to 69/900 (excluding CC Pavement of 0.200 Km. from Km 67/600 to Km.67/800) to double lane standards.

2. He has also stated that the traffic is 6022 PCUs per day. As per IRC: 64-1990 (Guidelines for Capacity of Roads in Rural Areas), the Single lane road can serve only upto 2000 PCUs per day and Intermediate lane road can serve upto 6000 PCUs per day. Therefore there is an urgent need to widen the above road from Km.65/200 to 69/900 to double-lane to serve the traffic volume. Further there is no necessity for any land acquisition and shifting of utilities.

3. The Chief Engineer (R&B) CRN & MD, APRDC, Hyderabad., has requested the Government to accord administrative sanction for the work of "Widening and Strengthening of Mydukur-Thaticherla Road from Km.65.200 to Km.69.900 in Prakasam District" for an amount of Rs.550.00 Lakhs under Corenet Plan works.

4.
